

# Anadarko CNG/NGV Project Overview

**Weld County NGV Fleet Event**  
**June 29, 2012**

# Anadarko's Program - Vehicles

- Colorado
  - 32 bi-fuel trucks in the fleet (all located in northeast CO)
  - In the process of contracting for more
  - Evaluating use of natural gas in company-owned workover rigs & water trucks
  - Evaluating use of LNG for drilling rigs
- Expanding use of NGVs across US operations
  - Texas
  - Pennsylvania
  - Utah
  - Wyoming

# Anadarko's Program - Infrastructure

- Colorado
  - Contributed to matching portion of funding secured by Weld County
  - Operate a joint venture station with Encana
- Texas
  - Installed & operate a station in east Texas (Carthage area)

## Why Natural Gas?

- Natural gas is a great solution for cleaner air in Colorado
- Natural gas is:
  - Abundant
  - Affordable
  - Produced by Americans in America
  - Clean

# Natural Gas as a Transportation Fuel

- This station is another great step toward making clean natural gas a bigger part of our energy mix for transportation fuel
- Along with the 3 additional stations that will be opening this year, a turning point for additional NGVs in fleets in northeast Colorado
- Using natural gas in fleet transportation is one of the most important ways in which America can truly make a positive impact on our need to import foreign oil

# Anadarko's Impact in Northeast Colorado

- Investing \$1 Billion in 2012
- Directly employ 950+ people
  - Provide indirect employment for 1000's
- Colorado activities have generated > \$500 Million in taxes, royalties and salaries since 2007
- 2011 Weld County tax payment of \$52 Million
