Kansas Gas Service (ONEOK)

Pioneer Natural Resources

CNG is Local

- What would your community look like if every vehicle were on CNG? – Air Quality, Economy
- How does change happen?
- What is different about your community?
- Who goes first? Best Project Economics – Large Diesel Users, Bi Fuel Vehicles.

Getting Started

What do we need to know?

- What vehicles you have? Are they available in CNG? If not, what is the closest vehicle available and is that acceptable to you?
- Of your vehicles available in CNG, how much fuel do they use?

What can we answer? Feasibility Analysis

- Sources of vehicles, expected costs, maintenance and warranty options, financing.

**Do You Have
Any Questions?**

Thank you.
